Tap "Add project"

Triple Vision

Select who it is for and enter the property address

The screenshot shows a mobile application interface for adding a project. At the top right, there are status icons for cellular signal, Wi-Fi, and a battery level of 92%. Below these is a back arrow icon and the title "Add project". The main heading is "Who is it for?", followed by two radio button options: "Client account" and "Self". Below the radio buttons are three text input fields: "Property Address", "08-29-2023", and "2:00 PM". At the bottom is a large green button labeled "Add project".

Select a Musical Style that matches the property

The screenshot shows a mobile application interface with a dark background. At the top right, there are status icons for signal strength, Wi-Fi, and a battery level of 82%. Below the status bar is a navigation bar with a back arrow icon on the left and the text "Submit for Editing" in the center. Underneath the navigation bar is a section titled "SUBJECT TYPE". A red rectangular box highlights a list of musical styles. The styles listed are: Acoustic, Beachy, Casual, Classical, Country, Electronica, Jazz, Pop, and Urban. At the bottom of the screen, there is a "Cancel" button.

SUBJECT TYPE
